# Section I – Introduction

This directory provides a list of HealthPartners® Freedom (Cost) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

## **What if I use non-plan providers to get my covered services?**

"Non-plan providers" are providers that are not part of the Freedom network. You may use non-plan providers. However, if you use non-plan providers for care that is not emergency care, including maintenance and hospital care after you are stable (known as post-stabilization care), urgently needed care, or have not activated your Extended Absence benefit, you will have to pay the Original Medicare Plan out-of-pocket costs (such as copayment, coinsurance or deductible). Upon activation, your Extended Absence benefit provides the same level of coverage when you are outside the service area and within the United States. The service area for this plan is Minnesota and Western Wisconsin.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare nor HealthPartners will be responsible for the costs.

## **What should I do if I have bills from non-network providers that I think should be paid by HealthPartners?**

We cover certain health care services that you get from non-network providers. These include care for a medical emergency, including hospital care after you are stable (known as post-stabilization), maintenance care, urgently needed care when you are temporarily out of the service area, care that has been approved in advance by HealthPartners, any services which were determined to be covered through an appeals process, and as covered under the Extended Absence benefit.

If a non-network provider asks you to pay for covered services you get in these situations, please contact Member Services at 952-883-7979 or 800-233-9645, seven days a week, between 8 a.m. and 8 p.m. To submit claims, you should mail them to:

HealthPartners Claims Dept.  
8170 33rd Ave. S.  
P.O. Box 1289  
Minneapolis, MN 55440-1289

You should never pay any non-network provider more than what the plan is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-network provider for our share of the bill and will let you know what, if anything, you must pay. We may require the non-network provider to bill Original Medicare for the services you received. We will then pay your Medicare out-of-pocket costs, such as coinsurance and deductibles. You will have to pay your copayments.

# Sections 2 - List of network providers

Clinics and network providers in the HealthPartners® Freedom (Cost) network, you may use the health care professionals, facilities and services listed in this directory without a referral from a primary care physician. Any time you need care, you may choose to see any provider in this network. Clinics that are accepting Medicaid patients have a tagline 'Accepting Medicaid patients'. With limited exceptions, if you seek care from a provider who is not listed in this directory, your care is considered out-of-network and may not be covered. HealthPartners contracts with over 31,000 providers of these types.

Consult your Evidence of Coverage for benefits available to you.

# Skilled nursing facilities

For skilled short-term, subacute or rehabilitative care, you will be directed to one of the following transitional care facilities.

For skilled long-term care needs, HealthPartners has medical teams in many skilled nursing facilities. A HealthPartners medical team consists of a physician and nurse practitioner who specialize in geriatric care. They get to know you and the nursing home staff. This team approach helps to ensure a comprehensive care plan with caring, consistent, and timely attention to your medical needs. Medical care and services are delivered in the nursing home whenever possible. Contact your primary care provider to be directed to a skilled nursing facility with a HealthPartners medical team.

You may choose any long-term care facility as your permanent home within the HealthPartners® Freedom Plan service area. However, you must receive or be directed to receive skilled care services by your primary care provider. HealthPartners contracts with 196 facilities of this type.

# Urgent/after-hours care

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after hours line
- Call the CareLine<sup>SM</sup> service at 612-339-3663 or 1-800-551-0859 to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

## What is the CareLine service?

After regular clinic hours, call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone. A CareLine nurse might suggest home care, a visit to your clinic the next day, a trip to an urgent care clinic, or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

## What urgent care centers are available?

The urgent care centers listed on the following pages are available to all HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your regular clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow up care. HealthPartners contracts with 61 facilities of this type.
